Jack P. Broadbent
EXECUTIVE OFFICER/APCO

Dear Ms. Adams:

The District has completed its evaluation of the renewal application for the Major Facility Review Permit for the following facility:

Application No.	Facility No.	Facility Name	Address	Type of Operation
27866	A0011	Shell Martinez Refinery, Shell Oil Products US	3485 Pacheco Blvd. Martinez, CA 94553	Petroleum Refining

The District has made a preliminary decision to issue the renewal Major Facility Review Permit, but the final decision on the permit issuance will consider public and EPA comments on the proposed permit. The notice inviting written public comments will be published in the East Bay Times (Contra Costa Times). The final date for members of the public to submit comments is September 5, 2018.

After the District has considered all public comments and made any necessary changes to the permit in response to those comments, the permit and statement of basis will be submitted to EPA for their 45-day review period.

The proposed permit and statement of basis can be viewed on the BAAQMD website at <http://www.baaqmd.gov/permits/major-facility-review-title-v/title-v-permits>. We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions regarding this project, please call Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707.

Very truly yours,

Signed by Damian Breen for Jack P. Broadbent
Executive Officer/Air Pollution Control Officer
